Since 1992, Visual Technologies has been providing Central New York with IBM compatible computer equipment. We offer a variety of hardware specifications on our notebook and desktop computers, and you can choose from a wide range of accessories.

All machines have the system software freshly loaded before each rental and system updates are done frequently to provide you with the best performance during your rental. Computer software can be customized by installing your choice of Microsoft Windows and Microsoft Office.

We can deliver, setup and pick up your order at your request. We will ask the right questions to provide the appropriate computer solution, making your computer time constructive, not troublesome. Whether you need a notebook computer for traveling or fifty computers for classroom training, Visual Technologies is ready to cater to your computer rental needs.
